

Washed Up Weirdos Guide

WHALE BURP aka
BEACH BALL-
a sea floor
tumbleweed

SQUID EGGS-
they wash up in
bunches, look
for tiny eyes!

PYROSOME-
free floating
tunicates that can
be bioluminescent

SEA PORK-
a mass/grouping
of colonial
tunicates

VELELLA VELELLA
aka **BY THE**
WIND SAILORS-
planktonic
hydrozoans
with sails

HOLDFAST-
Kelp root
systems

LING COD EGGS-
looks very similar
to washed up
styrofoam

MERMAIDS
PURSE- a
skate egg case

**DONATIONS MAKE
US HAPPY CLAMS!**

- Never turn your back on the ocean
- Use an ID app like iNaturalist
- Leave it at the beach, take only photos and memories
- Do not dig or carve into rocks/cliffs
- Lend a hand, remove trash
